PROHIBITION IN IOWA

DOES NOT PROHIBIT THE SALE OF LIQUOR THERE.

An Internal Revenue Collector at Dubuque Who Says That Prohibition has Increased the Sale of Whiskey, Etc., and the State is Very Poor in Quality.

By Telegram to The Freeman.

Dubuque, Ia., May 21.—Internal Revenue Collector Webster, of this district, states that the prohibitory law has increased the sale of liquor in Iowa. This year he has issued 232 more licenses than last year. The number of wholesale dealers is slightly less than before the prohibitory law, but the sales are larger, and the quality of liquor sold is poorer. Not only have the sales increased, but since the decision of the United States Supreme Court in the case of Bowman Brothers, the Marshalltown brewers, the importations by express of original packages of liquor have been enormous. Wholesale liquor houses have sprung up all along the borders of the State.

ASSISTING MURDERERS TO ESCAPE.

Southern Men who Demanded that Officers Surrender to Them.

By Telegram to The Freeman.

PARKERSBURG, W. Va., May 21.—For some time detectives have been working clues in the Jacob Morgan case of Tyler County. Morgan's murder was cold-blooded. His wife and a neighbor were arrested but released. Detectives Burnett and Gale and Constable Uemstetter recently obtained more evidence and on Friday went to the Morgan neighborhood to make arrests. Early Sunday morning a number of men surrounded the house in which the officers were staying and demanded their surrender. The officers fired at the party. The men riddled the house with bullets, wounding Gale in the arm. One of the assailants was mortally wounded and two others were badly hurt before they retired. In the morning the officers found blood marks in the woods, showing that several had been hurt and carried off. The officers sent for reinforcements and returned to the scene of fight and the alleged murderers were desperate men. There is great excitement in that part of Tyler County.

Spending Money for Cablegrams.

By Telegram to The Freeman.

St. Paul, May 21.—John Wilkin Lowrey, or "Jack" Lowrey, as he is more familiarly known here, has during the past three days spent \$200 for cablegrams, and is still keeping the wires hot. The cause of Towrey's recently developed penchant for cabling is to be found in the difference between \$50,000 per annum and the finest estates in Cumberland, and \$50 per month as an auctioneer in a small way in St. Paul. While reading a soiled and battered copy of the Carlisle, England, Patriot a few days ago, he glanced at the advertisements for next of kin and saw the name of John Wilkin Lowrey, heir to the law estate. The advertisement announced that the estates would pass into the Court of Chancery unless claimed prior to May 21. A message to "Stay proceedings at once; I am alive, and don't you forget it," addressed to Messrs. Dobinson & Watson, attorneys of Carlisle, and signed John Wilkin Lowrey, was sent over the wires. Lowrey came to America several years ago.

By Telegram to The Freeman.

FORTYFIVE, Ark., May 21.—Saturday, about eight miles from here, in Dallas County, James Allen was shot from ambush while on his way to work. Allen's wife, who was in the field with him, stopped before the inquest that her husband was dropping peas within a few feet of her when he was first fired on. He turned to run when he was shot again and fell. Soon afterwards George Fike came up to where he was lying and asked if he was dead. On hearing Fike speak, her husband raised himself up by catching hold of her dress and fell back dead. Fike remarked that he had intended his gun for the purpose of killing him if he was not dead. She also stated that a few days before she reported to her husband that Fike had insulted her and that he had given Fike until Friday night to leave the country or be killed. Fike is at large.

FREIGHT RATES ON CORN LESSEMED.

Cause for Decline in the Surplus of Tonnage at Chicago.

By Telegram to The Freeman.

CHICAGO, May 21.—The rate on corn to Buffalo by Lake went off a quarter of a cent Friday, a drop from two to one and three-quarter cents a bushel. Vessels held out for a time against the inevitable, but finally succumbed. Shippers, however, made no great rush for room at the reduced rate, and the market was dull. The real cause of the decline was the surplus of tonnage, either here or soon to arrive, but what immediately led to the drop yesterday was the chartering of a load of wheat to Buffalo last Friday at two cents. The transaction was kept quiet until the shipping agent was asked to charter a vessel for one and three-quarter cents. Then there was a rush among the agents.

ST. PAUL, May 21.—John Wilkin Lowrey, or "Jack" Lowrey, as he is more familiarly known here, has during the past three days spent \$200 for cablegrams, and is still keeping the wires hot. The cause of Lowrey's recently developed penchant for cabling is to be found in the difference between \$50,000 per annum and the finest estates in Cumberland, and \$50 per month as an auctioneer in a small way in St. Paul. While reading a soiled and battered copy of the Carlisle, England, Patriot a few days ago, he glanced at the advertisements for next of kin and saw the name of John Wilkin Lowrey, heir to the Lowrey estate. The advertisement announced that the estates would pass into the Court of Chancery unless claimed prior to May 21. A message to "Stay proceedings at once," addressed to Messrs. Dobinson & Watson, attorneys of Carlisle, and signed John Wilkin Lowrey, was sent over the wires. Lowrey came to America several years ago.

FREIGHT RATES ON CORN LESSENED.

Cause for Decline in the Surplus of Tonnage at Chicago.

By Telegram to The Freeman.

CHICAGO, May 21.—The rate on corn to Buffalo by Lake went off a quarter of a cent yesterday, a drop from two to one and three-quarter cents a bushel. Vessels held out for a time against the inevitable, but finally succumbed. Shipper, however, made no great rush for room at the reduced rate, and the market was dull. The real cause of the decline was the surplus of tonnage either here or soon to arrive, but what immediately led to the drop yesterday was the chartering of a load of wheat to Buffalo last Friday at two cents. The transaction was kept quiet until the shipper wanted a vessel for corn and he would pay but one and three-quarter cents. Then there was a rush among the agents.

A Fight with Indians.

By Telegram to The Freeman.

WASCO, May 21.—Word has been received here a fierce fight near Fort MeLeod last week between a band of Blood Indians and a force composed of soldiers, cowboys and Gros Ventres. The Bloods have lately been stealing horses from the Gros Ventres, and the latter, in revenge, made an effort to recover the stolen animals. Quite a large number were slain. Most of the bodies were carried away by friends of the fallen but three or four were discovered on the field minus scalps.

The Bloods appear to have gained the worst of the fight. They got away with most of the stolen horses and are now being closely followed by mounted police. Another encounter is likely to take place when the police come upon them. It is alleged American Indians in Montana are going to the Bloods' assistance.

PROHIBITION IN IOWA

DOES NOT PROHIBIT THE SALE OF LIQUOR THERE.

An Internal Revenue Collector at Dubuque Who Says That Prohibition Has Increased the Sale of Whiskey, Etc., and the State Is Very Poor in Quality.

By Telegram to The Freeman.

Dubuque, Ia., May 21.—Internal Revenue Collector Webster, of this district, states that the prohibitory law has increased the sale of liquor in Iowa. This year he has issued 232 more licenses than last year. The number of wholesale dealers is slightly less than before the prohibitory law, but the sales are larger, and the quality of liquor sold is poorer. Not only have the sales increased, but since the decision of the United States Supreme Court in the case of Bowman Brothers, the Marshalltown brewers, the importations by express of original packages of liquor have been enormous. Wholesale liquor houses have sprung up all along the borders of the State.

The men riddled the house with bullets, wounding Gale in the arm. One of the assailants was mortally wounded and two others were badly hurt before they retired. In the morning the officers found blood marks in the woods, showing that several had been hurt and carried off. The officers sent for reinforcements and returned to the scene of fight and are hourly expecting another attack. The alleged murderers are desperate men. There is great excitement in that part of Tyler County.

FREIGHT RATES ON CORN LESSENER.

By Telegram to The Freeman.

CHICAGO, May 21.—The rate on corn to Buffalo by Lake went off a quarter of a cent yesterday, a drop from two to one and three-quarter cents a bushel. Vessels held out for a time against the inevitable, but finally succumbed. Shippers, however, made no great rush for room at the reduced rate, and the market was dull. The real cause of the decline was the surplus of tonnage either here or soon to arrive, but what immediately led to the drop yesterday was the chartering of a load of Buffalo corn to Buffalo at two cents. The transaction was kept quiet until the shipper wanted a vessel for corn and he would pay but one and three-quarter cents. Then there was a rush among the agents.

TOUR OF TOWN AND SUBURBS

BITS OF NEWS, STORIES AND SOME CHAT AND GOSSIP.

Change in Time of Holding School Meetings.—In Surrogate's Court—"Street Sprinkling on the Brain"—That Sewer Project in the First Ward—Before the Recorder, Etc.

A change of time in holding the annual school meetings throughout the State is announced. These meetings will be held on the first Tuesday of the month of August. Superintendent of Instruction Draper writes: "The law provides that the school year shall close upon the twenty-fifth of July, instead of August 30. All reports are required to be made and filed with the Town Clerk, as herebefore, between the close of the school year and the time of the annual school meeting. The reports for the present year must close with July 25. In all school districts in which the number of children in school age exceeds 300, district officers must be elected by ballot on the Wednesday next after the first Tuesday in August, between the hours of 12 noon and 4 o'clock in the afternoon. This provision does not apply to the counties of Richmond, Suffolk, Cheshire, Westchester, Warren, Erie and St. Lawrence. In these counties the election in such districts will be held at the annual school meeting, the same as in all other districts."

The following will have been proved in the Ulster Surrogate's Court, Kingston: That of Julia Ann Saxton, of Marlborough, made September 3, 1884, witnessed by Charles S. Northrup and William A. Goehring, War. Devises are: Certain articles of furniture to the son, Albert T. Kelly, grand-daughter Jennie Saxton, daughter Emma Kelly and son Maurice. To the husband all the remainder of the property. At his death \$100 to be paid to Maurice and the balance to be divided between Maurice and Emma. The will of Ann Eliza Britt, of Hurley, was made May 28, 1884, and was witnessed by Dr. J. M. Griffin and Abram Cole. Andrew B. Fay is given \$550. The personal property goes to Thomas Jefferson Fay. He is appointed Executor. In this matter there were 52 heirs-at-law. The will of Peter B. Elwyn, of Woodstock, was made November 20, 1883. All the property is given to the wife. At her death "what is left" to be divided among the children.

The main sewer which will connect with the First Ward system of sewerage will run through private land, although the Tannery Brook, in the rear of Green Street. The owners of such lands, in accordance with an ordinance passed by the Common Council, have been served with notices of the City's action in the matter. If the property owners object to their lands being taken for such purpose without compensation, there will be a Commission appointed by the Supreme Court to appraise what damage, if any, the land owners may sustain. Already several property owners along the line of the proposed sewer have raised serious objections, they claiming that their lots will be damaged nearly their present worth. On the other hand, it is stated that the laying of sewers will increase the worth of the land to a considerable extent.

"Talk about a fast ride on a bicycle," said a young man here to-day. "I had one last summer. I left Roseville for this City. When about a mile or two down the road, I saw something that made my hair stand on end. It was a large hoop-snake and it was rolling after me. I put extra 'steam' on my machine. I knew if the 'hooper' caught me I would be in a 'box,' so I renewed my exertions. The wheels of my 'cycle' fairly hummed. Finally a farmer killed the snake."

"Say, mister, how much be your oranges?" inquired a Rondout small boy of a fruit vender a day or two ago. "Three cents apiece," was the reply. "I'll take one for a cent, then," piped up the youngster, as he pulled a cent and a bit of dirty chewing gum out of his mouth at the same time, and handed the mixture up to the good-natured peddler, who, after picking out a plump orange and placed it in the dirty little palm of the child.

During the heavy rain on Monday a man resting on Albany-avenue took his street hose and attached it to a water hydrant. His wife inquired what he did for that. He said he intended to sprinkle the street. "The rain don't throw water enough on it to suit me. That man is only a piece of a number of monomaniacs on street sprinkling."

A story is told of a bicyclist here who "took a header" while going down a steep hill on one of the roads in this vicinity, and was thrown over the limb of a tree. The Teachers' Association of the town of Rochester held its annual session in the Accord M. E. Church on Saturday. On account of inclement weather no session was held in the afternoon. The address of welcome, by Principal Haskin, was interesting. Principal Cowles gave an address on the "Work of Teachers." "Language" was the title of Principal I. H. Lawton's remarks. Miss Linda Wilder gave an exposition of Primary Reading, illustrating her remarks with work by a class of pupils. Principal M. W. Baldwin talked on "Drawing." INSURANCE MEN STILL AT ODDS.

Hard at Work Cutting One Another's Throats From a Business Point of View.

It is said that the Board of Fire Underwriters here is practically non-existent. Uniform rates have ceased to exist. Circulars issued by the Underwriters' Association, of New-York City, have been received by agents here. The circulars announce that the State Board "will refrain from all further interference in Ulster County affairs save in support of the Ellenville Board and its tariff. The Association adopts the view of the District Committee that co-operation is too uncertain and confidence too much impaired to warrant the expenditure of further efforts in Ulster County at this time." At a recent meeting of the Fire Underwriters in Kingston a bitter feeling was engendered, and rates in a number of instances have been "cut" since that time.

The correspondent of THE FREEMAN at Glasco writes: "John Nauman, a Pole, passed a \$20 Confederate bill at Joseph Maior's saloon on Sunday for beer and received good money in exchange. Coal Sales Agents to Meet.

EVANGELICAL ALLIANCE.

A MEETING HELD BY THE EXECUTIVE COMMITTEE IN KINGSTON.

A Committee Appointed to Confer with the Aims Commissioners—These Officials to be Asked to Vigorously Prosecute Offenders Against the Excise Law Here.

A meeting of the Executive Committee of the local branch of the Evangelical Alliance was held last evening in the Kingston Young Men's Christian Association rooms. Those present were the Rev. Dr. J. G. VanSlyke, the Rev. William Shaw, the Rev. O. Haviland, the Rev. Thomas Lamont, the Rev. J. P. Williamson, P. B. Warner, C. D. Westbrook, Abram Myer and L. L. Osterhoudt.

Dr. VanSlyke stated the object of the meeting. He referred to the good effect resulting from the visit made by a Committee on the Board of Excise. The sale of liquor, it was said, would be restricted, and a number of applications for licenses refused. Persons who had been denied license had expressed their intention of selling liquor in defiance of the law. "It seems to me that this Alliance, representing the confederated Christian sentiment of this community, might very appropriately address itself to the promotion of new zeal and fidelity in the Aims Commissioners in enforcing the responsibilities which rest upon them, added the Doctor."

It was decided to hold a public meeting of the Alliance in St. James M. E. Church. The Rev. Messrs. Williamson and Haviland were appointed to make necessary arrangements.

The question whether regular visitation should be continued during the summer was discussed. Mr. Myer said regular visitation should be urged this month because of the many changes. In his district there had been four or five changes, "a number of families having moved in from the country." He said he was going around the district and would make a canvass. Mr. Shaw suggested that the visits be more of a religious-social order. "Let the Supervisors say to their Visitors: 'Follow in your work, so that when fall comes you can give a full report.'" Mr. Myer said one or two mistakes had been made in the appointment of young, inexperienced girls as Visitors. Dr. VanSlyke said in view of the suggestions he would urge them all to press one more visitation at least before the summer months set in.

Mr. Shaw submitted a new blank for the use of Visitors and Supervisors, which was considered an improvement over the one Dr. Russell furnished for recording facts regarding families visited.

Mr. Haviland moved that the President and Secretary be appointed to select a Committee with power to prepare a blank as in the end reach the desired object. Carried.

The question of the appointment of a Committee to wait on the Aims Commissioners was brought up, and the Rev. Dr. VanSlyke said that this Committee would be "to represent to the Aims Commissioners our earnest hope that they will be zealous in the prosecution of all offenders." Dr. VanSlyke and Mr. Shaw were appointed such Committee, having the power to associate with them laymen.

TO-DAY'S BOARD OF EXCISE MEETING.

It Seems That More than Eight Hotel Licenses Will be Granted Here.

The Board of Excise of this City held a meeting at the City Hall and granted licenses. There was a large number of saloon-keepers present. Several of them had two sets of applications filled out, one for hotel and the other for ale and beer, so if they were refused the former they could take the latter. It was stated that after granting two licenses—one drug store and one ale and beer—the members of the Board held a secret session.

A reporter learned that the session was called to allow the Commissioners to talk over a plan to reduce the number of hotel licenses 50 per cent, under the number granted last year, which would give about 35 "hotels" for the entire City.

On the Commissioners' return the following licenses were granted: Drug Store—Valerius Brothers, Kingston. Ale and Beer—Martin Uhle, Frank Scherzer, Bernard Culliton, Richard Clonnan, Abram L. Stephens, John E. Cavanaugh, Michael Downey, Carl Abrams, Bernard Roach, Jr. Hotel—Nicholas Matthews.

The whole number of ale and beer licenses granted so far is 36; to hotels 5.

THE RECORD OF CITY AMUSEMENTS.

Entertainments Announced for This, To-morrow and Other Evenings.

Dore Davidson's version of "Dr. Jekyll and Mr. Hyde" will be presented by the Davidson Company in Liscomb's Opera House this evening. A press notice reads:

The rapid changes in Dr. Jekyll's dual existence from good to bad and vice versa, yesterday called forth bursts of applause, and yesterday repeated called before the curtain—something very rare at this house. Mr. Davidson's version of the singular play is a masterpiece of a far more pleasant one than that of Mansfield, in that instead of ending in the frightful death of Dr. Jekyll in a pleasant climate, in which a neat little love story finds a happy termination, Miss Flora Redding as Winifred, the schoolmaster's daughter, is a winsome and sufficiently strong in the portions of the play demanding a forceful woman, whose thoughts of vengeance overbalanced even her strong love for the man who, under the influence of a mysterious drug which brings out all the evil in a man's nature and banishes the good for a time, is supposed to have killed that father. The rest of the company is equal to the work in hand.

At the entertainment entitled "Mrs. Jarley's Wax Works," to be given in Washington Hall, this evening, the principal features of the programme will be as follows: Duet, zither and piano, Miss L. Change in Time of Holding School Meetings.—In Surrogate's Court.—Street Sprinkling on the Brain.—That Sewer Project in the First Ward—Before the Recorder, Etc.

A change of time in holding the annual school meetings throughout the State is announced. These meetings will be held on the first instead of the last Tuesday in August. Superintendent of Instruction Draper writes: "The law provides that the school year shall close upon the twenty-fifth of July, instead of August 30. All reports are required to be made and filed with the Town Clerk, as heretofore, between the close of the school year and the time of the annual school meeting. The reports for the present year must close upon the twenty-fifth of July, instead of August 30. In school districts in which the number of children of school age exceeds 300, district officers must be elected by ballot on the Wednesday next after the first Tuesday in August, between the hours of 12 noon and 4 o'clock in the afternoon. This provision does not apply to the counties of Richmond, Suffolk, Chenango, Westchester, Warren, Erie and St. Lawrence. In these counties the election in such districts will be held at the annual school meeting, the same as in all other districts."

The following will have been proved in the Ulster Surrogate's Court, Kingston: That of Julia Ann Saxton, of Marlborough, made September 3, 1884, witnessed by Charles C. Northrup and William C. Northrup. The devise is: Certain articles of furniture to the son, Albert T. Kelly, grand-daughter, Jennie Saxton, daughter Emma Kelly and son Maurice. To the husband of the remainder of the property. At his death \$100 to be paid to Maurice and the balance to be divided between Maurice and Emma. The will of Ann Eliza Britt, of Hurley, was made May 28, 1888, and was witnessed by Dr. J. M. Griffin and Abram Cole. Andrew B. Fay is given \$500. The personal property goes to Thomas Jefferson Fay. He is appointed Executor. In this matter there were 32 heirs at law. The will of Peter B. Elwyn, of Woodstock, was made November 20, 1883. All the property is given to the wife. At her death "what is left" to be divided among the children.

The main sewer which will connect with the First Ward system of sewerage will run through private lands along the Tannery Brook, in the rear of Green-street. The owners of such lands in accordance with an ordinance passed by the Common Council, have been served with notices of the City's action in the matter. If the property owners object to their lands being taken for such purpose without compensation, there will be a commission appointed by the Supreme Court to appraise what damage, if any, the land owners may sustain. Already several property owners along the line of the proposed sewer have raised serious objections, they claiming that their lots will be damaged nearly their present worth. On the other hand, it is stated that the laying of sewers will increase the worth of the land to a considerable extent.

"Talk about a fast ride on a bicycle," said a young man here to-day. "I had one last summer. I left Rosendale for this City. When about a mile or two down the road I saw something that made my hair stand on end. It was a large hoop-snake and it was rolling after me. I put extra 'steam' on my machine. I knew if the 'hooper' caught me, I would be in a 'box,' so I renewed my exertions. The wheels of my 'cycle fairly hummed. Finally a farmer killed the snake."

"Say, Mister, how much he your oranges?" inquired a Rondout small boy of a fruit vender a day or two ago. "Three cents apiece," was the reply. "I'll take one for a cent, then," piped up the youngster, as he pulled a cent and a bit of dirty hewing gun out of his run. On the other hand, he handed the mixture up to the good-natured peddler of fruit, who picked out a plump orange and placed it in the dirty little palm of the child.

During the heavy rain on Monday a man residing on Albany-avenue took his street hose and attached it to a water hydrant. His wife inquired what he did that for. He said he intended to sprinkle the street. "The rain don't throw water enough on it to suit me." That man is only one of a number of monomaniacs on street sprinkling.

A story is told of a bicyclist here who "took a header" while going down a steep hill on one of the roads in this vicinity, and was thrown over the limb of a tree. He had the audacity to tell his companion, who proffered his assistance, that he jumped up there on purpose, and often cut up such pranks just for a little variety.

COUNTRY TEACHERS COMPARE NOTES

The Annual Session of the Teachers' Association of the Town of Rochester.

The Teachers' Association of the town of Rochester held its annual session in the Academy of M. E. Church on Saturday. An account of inclement weather no session was held in the afternoon. The address of welcome, by Principal Haskin, was interesting. Principal Cowles gave an address on the "Work of Teachers." Language was the title of Principal I. H. Lawton's remarks. Miss Linda Whitaker gave an exposition of Primary Reading, illustrating her remarks with work by a class of pupils. Principal M. W. Baldwin talked on "Drawing." Remarks were made by School Commissioner Douglas and Grammar Principal L. B. Haskin expounded explicitly General Percentage. Miss Mary Schoonmaker read a selection entitled "The School Teacher." Teachers were present from Ellenville, Nanapanoch, Kerhonkson and Allgerville.

INSURANCE MEN STILL AT ODDS.

Hard at Work Cutting One Another's Throats From a Business Point of View.

It is said that the Board of Fire Underwriters here is practically non-existent. Uniform rates have ceased to exist. Circulars issued by the Underwriters' Association of New-York City, have been received by agents here. The circulars announce that the State Board will refrain from all further interference in Ulster County affairs save in support of the Ellenville Board and its tariff. The Association adopts the view of the District Committee that co-operation is too uncertain and confidence too much impaired to warrant the expenditure of further efforts in Ulster County at this time. At a recent meeting of the Fire Underwriters in Kingston a bitter feeling was engendered, and rates in a number of instances have been "cut" since that time.

In the Field of Sport.

Result of yesterday's ball games: American Association—At Kansas City, Kansas City 18, Brooklyn 12. At St. Louis—St. Louis 4, Athletic 1. At Columbus—Columbus 2, Cincinnati 0. No games were played by the National League clubs on account of rain.

The trotting horse Longford, owned by Harford Brothers, of Middletown, has been added to the string of trotters in charge of J. H. Goldsmith, of Washingtonville, Orange County. Longford goes on the Circuit with a record of 2:24.

Both Violated the Law.

The correspondent of THE FREEMAN at Glasco writes: "John Naaman, a Pole, passed a \$20 Confederate bill at Joseph Maior's saloon on Sunday for beer and received good money in exchange. The saloon-keeper wants the bill redeemed, and the Pole refuses on the ground that he had no right to sell the beer on Sunday, and that the bill is not a counterfeit."

Local Shipping News.

There arrived, tide-water, at Edenville, yesterday, 15 Delaware & Hudson Canal boats, laden with 1,950 tons of coal.

Coal Sales Agents to Meet.

A meeting of the coal sales agents of the anthracite coal-producing companies will be held in New-York City this week, probably to-morrow, to consider the condition of the trade. It is possible that the meeting will decide to increase the price of coal with the beginning of next month, but the trade hardly expects such action.

The much talked about steam roller, which may be given a test here at the West Shore crossing at 2 o'clock to-morrow afternoon, was brought to this City last night from Harrisburgh, Pa.

EVANGELICAL ALLIANCE.

A MEETING HELD BY THE EXECUTIVE COMMITTEE IN KINGSTON.

A Committee Appointed to Confer with the Alms Commissioners—These Officials to be Asked to Vigorously Prosecute Offenders Against the Excise Law Here.

A meeting of the Executive Committee of the local branch of the Evangelical Alliance was held last evening in the Kingston Young Men's Christian Association rooms. Those present were the Rev. Dr. J. G. VanSlyke, the Rev. William Shaw, the Rev. O. Haviland, the Rev. Thomas Lamont, the Rev. J. F. Williamson, P. B. Warner, C. D. Westbrook, Abram Myer and L. L. Osterhout.

Dr. VanSlyke stated the object of the meeting. He referred to the good effect resulting from the visit made by a Committee on the Board of Excise. The sale of liquor, it was said, would be restricted, and a number of applications for licenses refused. Persons who had been denied license had expressed their intention of selling liquor in defiance of the law. It seems to me that this Alliance, representing the confederated Christian sentiment of this community, might very appropriately address itself to the promotion of new zeal and fidelity in the Alms Commissioners in enforcing the responsibilities which rest upon them, added the Doctor.

It was decided to hold a public meeting of the Alliance in St. James M. E. Church, The Rev. Messrs. Williamson and Haviland were appointed to make necessary arrangements.

The question whether regular visitation should be continued during the summer was discussed. Mr. Myer said regular visitation should be used this month because of the many changes. In his district there had been four or five changes, "a number of families having moved in from the country." He said he was going around the district and would make a canvass. Mr. Shaw suggested that the visits be more of a religious-social order. "Let the Supervisors say to their Visitors: 'Follow in your work, so that when fall comes you can give a full report.'" Mr. Myer said one or two mistakes had been made in the appointment of young, inexperienced girls as Visitors. Dr. VanSlyke said in view of the suggestions he would urge them all to press one more visitation at least before the summer months set in.

Mr. Shaw submitted a new blank for the use of Visitors and Supervisors, which was considered an improvement over the one Dr. Russell furnished for recording facts regarding families visited.

Mr. Haviland moved that the President and Secretary be appointed "a Committee with power to prepare a blank as will in the end reach the desired object." Carried.

The question of the appointment of a Committee to visit was Commissioners was brought up, and the whole matter freely talked over. It was stated that the duty of this Committee would be "to represent to the Alms Commissioners our earnest hope that they will be zealous in the prosecution of all offenders." Dr. VanSlyke and Mr. Shaw were appointed such Committee, having the power to associate with them laymen.

TO-DAY'S BOARD OF EXCISE MEETING.

It seems that More than Eight Hotel Licenses Will be Granted Here.

The Board of Excise of this City held a meeting this afternoon at the City Hall and granted licenses. There was a large number of saloon-keepers present. Several of them had two sets of applications filled out, one for hotel and the other for ale and beer, so if they were refused the former they would be obliged to wait for further trouble. After granting two licenses—one drug store and one ale and beer—the members of the Board held a secret session.

A reporter learned that the session was called to allow the Commissioners to talk over a plan to reduce the number of hotel licenses 50 per cent. under the number granted last year, which would give about 35 "hotels" for the entire City.

On the Commissioners' return the following licenses were granted:

Drug Store—VanBuren Brothers, Kingston. Ale and Beer—Martin Chie, Franz Scherger, Bernard Culliton, Richard Cleoman, Abram L. Stephens, John Dempsey, Martin E. Cavanaugh, Michael Downey, Carl Abrams, Bernard Roach, Jr. Hotel—Nicholas Matthews.

The whole number of ale and beer licenses granted so far is 36; to hotels 5.

THE RECORD OF CITY AMUSEMENTS.

Entertainments Announced for This To-morrow and Other Evenings.

Dore Davidson's version of "Dr. Jekyll and Mr. Hyde" will be presented by the Davidson Company in Liscomb's Opera House this evening. A press notice reads:

The rapid changes in Dr. Jekyll's dual existence from good to bad and vice versa are made so real and so wonderful in manner, and yesterday called forth bursts of applause, and the actor was repeatedly called to the stage, and, in fact, every rare at this house. Mr. Davidson's version of the singular story on which the play is based is a far more pleasant and thrilling, in that it is a story of ending in the frightful death of Dr. Jekyll is a pleasant climax, in which a neat little love story finds a happy termination. Miss Flora Redding as Winifred, the schoolmaster's daughter, is pretty, winsome and sufficiently strong in the portions of the play demanding a forceful and thoroughgoing vengeance for the death of her father for a while overbalanced even her strong love for the man who, under the influence of a mysterious drug which brings out all the evil in a man's nature and makes the good for a time, is supposed to have killed that father. The rest of the company is equal to the task in hand.

At the entertainment entitled "Mrs. Jarley's Wax Works," to be given in Washington Hall, this evening, the principal features of the programme will be as follows: Duett, zither and piano, Miss L. TOUR OF TOWN AND SUBURBS

BITS OF NEWS, STORIES AND SOME CHAT AND GOSSIP.

Change in Time of Holding School Meetings.—In Surrogate's Court, Kingston, that of August 20. All reports are required to be made and filed with the Town Clerk, as heretofore, between the close of the school year and the time of the annual school meeting. The reports for the present year must close on August 25. In all school districts in which the number of children of school age exceeds 300, district officers must be elected by ballot on the Wednesday next after the first Tuesday in August, between the hours of 12 noon and 4 o'clock in the afternoon. This provision does not apply to the counties of Richmond, Suffolk, Chatham, Westchester, Warren, Erie and St. Lawrence. In these counties the election in school districts will be held at the annual school meeting, the same as in all other districts.

The following will have been proved in the Ulster Surrogate's Court, Kingston: That of Julia Ann Saxton, of Marlborough, dated September 3, 1884, witnessed by Charles S. Northrup and William A. Goehring. The devisees are: Charles S. Northrup, to the son, Albert T. Kelly, grand-daughter Jennie Saxton, daughter Emma Kelly and son Maurice. To the husband of the remainder of the property. At his death \$100 to be paid to Maurice and the balance to be divided between Maurice and Emma. The will of Ann Eliza Britt, of Hurley, was made May 28, 1888, and was witnessed by Dr. J. M. Griffin and Abram Cole. Andrew B. Fay is given \$500. The personal property goes to Thomas Jefferson Fay. He is appointed executor. In this matter there were 32 heirs-at-law. The will of Peter B. Elwyn, of Woodstock, was made November 20, 1883. All the property is given to the wife. At her death "what is left" to be divided among the children.

The main sewer which will connect with the First Ward system of sewerage will run through private lands along the Tannery Brook, in the rear of Green street. The owners of such lands, in accordance with an ordinance passed by the Common Council, have been served with notices of the City's action in the matter. If the property owners object to their lands being taken for such purpose without compensation, there will be a Commission appointed by the Supreme Court to appraise what damage, if any, the land owners may sustain. Already several property owners along the line of the sewer have raised serious objections, they claiming that their lots will be damaged nearly their present worth. On the other hand, it is stated that the laying of sewers will increase the worth of the land to a considerable extent.

"Talk about a fast ride on a bicycle," said a young man here to-day. "I had one last summer. I left Rosendale for this City. When about a mile or two down the road I saw something that made me halt dead on end. It was a large hoop-snake and it was right after me. I put extra 'steam' on my machine. I knew if the 'hooper' caught me I would be in a 'box,' so I renewed my exertions. The wheels of my 'cycle fairly hummed. Finally a farmer killed the snake."

"Say, mister, how much be your oranges?" inquired a Rondout small boy of a fruit vender a day or two ago. "Three cents apiece," was the reply. "I'll take one for a cent, then," piped up the youngster, as he pulled a cent and a bit of dirty chewing gum out of his mouth at the same time, and handed the mixture up to the good-natured vendor of fruit, who picked out a plump orange and placed it in the dirty little palm of the child.

During the heavy rain on Monday a man residing on Albany-avenue took his street hose and attached it to a water hydrant. His wife inquired what he did for that. He said he intended to sprinkle the street. "The rain don't throw water enough on it to suit me." That man is only one of a number of monomaniacs on street sprinkling.

A story is told of a bicyclist here who "took a header" while going down a steep hill on one of the roads in this vicinity, and was thrown over the limb of a tree. He had the audacity to tell his companion, who professed his assistance, that he "jumped up there on purpose, and often cut up such pranks just for a little variety."

E. S. Wood, of Rondout, who was in Washington County, N. Y., last week, says he had good potatoes at 20 cents per bushel. Farmers held off for better prices when 50 cents a bushel was offered last winter.

A communication headed "Japanese Hymns" has gone the way of all unsigned letters. Every communication must be signed by the writer's name. To this rule there is no exception.

May is robbing June of its title, "the month of roses," in this City and vicinity. There are more roses in bloom out-of-doors now than there are in the latter part of next month.

Miss Linda Whitaker gave an exposition of Primary Reading, illustrating her remarks with work by a class of pupils. Principal M. W. Baldwin talked on "Drawing." THE RECORD OF CITY AMUSEMENTS.

Entertainments Announced for This, To-morrow and Other Evenings.

Dore Davidson's version of "Dr. Jekyll and Mr. Hyde" will be presented by the De La Salle Company in Liscomb's Opera House this evening. A press notice reads:

The rapid changes in Dr. Jekyll's dual existence from good to bad and vice versa made by H. N. Carlyle in a wonderful manner, and yesterday called forth bursts of applause, and the actor was repeatedly called back to the stage. The very rare at this house. Mr. Davidson's version of the singular story on which the play is based is a far more pleasant one than that in which the story of ending in the frightful death of Dr. Jekyll is a warning to the world. The play is a story of a happy termination. Miss Flora Redding as Winifred, the schoolmaster's daughter, is pretty, wise and sufficiently strong in the portions of the play demanding a forceful woman, whose thoughts are centered on the death of her father, while overbalanced even her strong love for the man who, under the influence of a mysterious drug which brings out all the evil in a man's nature and banishes the good for a time, is supposed to have killed that father. The rest of the company is equal to the work in hand.

At the entertainment entitled "Mrs. Jarley's Wax Works," to be given in Washington Hall, this evening, the principal features of the programme will be as follows: Duet, zither and piano, Miss L. Prill and Professor Spoth; vocal duet, guitar accompaniment, the Misses Pattison; tableaux, the Sandalphon; display of figures, vocal duet, Miss K. Hildebrand and L. Raiche; "Return from the Vintage" display of figures.

Barnum & Bailey's shows will be exhibited in this City on Friday afternoon and evening. There will be three performances in three rings. Among the attractions is the Paris Olympia Hippodrome, a tent of illusions, Moorish caravan, wild and trained beasts, a museum of wonders, horse fair with 300 horses living curiosities, extensive aviary, large aquarium, athletic and aquatic sports, etc.

This evening the Till Family will hold forth in the Fair-Street Reformed Church; to-morrow evening in the Rondout Presbyterian Church. A Boston newspaper has said this concerning the Tills: "The whole performance was novel, the odd instruments, probably never before seen in Boston, such as the acarina, and the instruments on which a capital imitation of chimps was given."

Muldoon's Company is booked to appear at Liscomb's Opera House on Thursday evening. The company carries a brass band. This is a brass band town. The show ought to "take."

The members of St. Peter's German Sick and Aid Society of St. Peter's German Catholic Church, will hold a kirmis in Barmann's Elysium on June 24.
